

VOLUME 1
CARVING
series

A woman with long brown hair, wearing a vibrant red, long-sleeved, floor-length dress and silver high-heeled sandals, is captured in profile as she walks from left to right. She is positioned in a minimalist, modern architectural space. The background features several vertical columns with different textures: a large brown perforated column on the left, a light beige marble column, a grey textured column, and a gold-colored column. A red inverted triangle points downwards towards the text on the right. The floor is a smooth, light grey surface.

Carving

The carving effect on tiles adds depth and dimension, transforming a flat surface into a mesmerizing work of art.

Carving effect tiles evoke a sense of timelessness, capturing the beauty of ancient craftsmanship in a contemporary form.

SERIES

APPLICATION

Greet a complete home solution product range with us. One of the most popular practices for modern-day homes is to extend the flooring of the Living room to the kitchen.

A well designed Carving finish tiles that will perfectly complement your trendy space.

FEATURE

Water Proof

Resistant To Scratches

Resistant To High Temperatures

Easy To Clean

Resistant To Bending

Resistant To UV Rays

The parameter used for slip resistance is called the Coefficient of Friction (COF). The higher the COF, the better the slip resistance of the tiles. Unglazed tiles, mosaic tiles (with many grout joints) and rough surfaced tiles are less slippery when compared with smooth tiles.
